

# SCIENTIFIC SYMPOSIUM

## ARTIFICIAL INTELLIGENCE IN HEALTHCARE

AI for Next-Generation Healthcare: Innovation, Ethics and Clinical  
Integration program

### ROUNDTABLE

The roundtable that will conclude our morning session on “**Opportunities and Challenges of AI in Health Systems.**” This pivotal discussion will bring together a remarkable panel of academic leaders, researchers, and medical experts:

- **Pr. Chaker Mezioud** : Dean of the Faculty of NTIC, University of Constantine 2, Abdelhamid Mehri.
- **Dr. Sara Sabba** : Director of the LISIA Laboratory, University of Constantine 2, Abdelhamid Mehri.
- **Pr. Ilham Kitouni** : General chair of the Scientific Symposium, University of Constantine 2, Abdelhamid Mehri.
- **Pr. Nadir Boussouf** : Head of the SEMEP Department at CHU Constantine and President of the CPNS in Epidemiology, University of Constantine 3, Salah Boubnider.
- **Pr. Yacine Kitouni** : Head of the Department of Internal Medicine at CHU Constantine and Director of URADSM, University of Constantine 3, Salah Boubnider.
- **Pr. BENABBAS Chaouki** : Director of the Territory Planning Research Center.
- **Pr. MADOU Abdelmoutalib** : Director of the CIM El-amen Center.

This convergence of expertise academic leadership, research direction, computer science, internal medicine, and public health perfectly embodies the spirit of our Study Day and promises a debate of the highest level.
